Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x100 feet; no 25-feet frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for $250 each; 10 per cent cash, remaining payments to suit purchaser.

About five years ago she married Joseph Peterson, an exemplary young man, and two handsome children are the result of their union. She leaves to mourn her besides a loving husband and two small children, a mother, three sisters and three brothers.

The funeral took place Sunday after noon, from the family residence at Woodside, thence to Mount Carmel Catholic Church. Interment Union Cemetery, Redwood City.

The funeral was largely attended by many sorrowing friends and the floral offerings were numerous and beautiful.

Severely Burned

The chauffeur for Mr. Stettheimer of Fair Oaks was seriously burned Tuesday, by the igniting of gasoline. He had been cleaning the auto and carelessly allowed the liquid to get upon his clothes. In lighting a cigarette his sleeves caught fire and he was badly burned about the arms before the flames were extinguished. He was taken by McLachlan of the garage on Arguello street to Dr. Ross, who attended the sufferer.

Petition Asking Appointment of County Entomologist Referred to District Attorney

The Board of Supervisors met in regular session Monday. All the members were present.

At the request of Jas. T. O'Keefe The application of Carlo Raffanti for a Class "A" liquor license to do business in the First Township was withdrawn, the applicant having disposed of his business.

The application of Thos. S. Harrington for a liquor license to do business at Menlo Park was taken up A largely signed petition by the people of that place was presented a month ago protesting against the application . There being no one present at that time to present said petition action was deferred until this meeting of the Board. Father Lyons, pastor of the Catholic church of Menlo Park, Rev. Kingsley Blodgett and A. J. Steiss appeared on behalf of the petition.

"At the present time." said Father Lyons of the Church of the Nativity, "Menlo is the congregating point for the idle and vicious drinkers of Palo Alto, Mayfield and Stanford, much to the danger and menace of women, girls and children. Children see sights on the streets there every day and especially on Saturdays and Sundays, that can't fail to help lower their standards and morals. The ladies of Sacred Heart convent have been insulted in passing along the streets, as also have the students at St. Patrick's seminary. It is necessary for a decent citizen at times to use the streets instead of the walks in order to avoid insult. The board of supervisors is the body and the only one to whom we can look for protection from these ruffians."

Rev. Blodgett said he had circulated the petition and wherever he went all were eager to sign the petition which demonstrated the feeling of the people of Menlo in regard tohaving more saloons. A. J. Steiss strongly urged the Board to deny the application. Father Kunkle, of St. Patrick's Seminary, who represented Archbishop Riordan entered a strong protest against granting the license. endorsed all that Father Lyons had said.

Supervisor MacBain said that the saloon district was confined to a space of 250 feet square. He thought if there were any more saloons the space would likely be crowded. On his motion seconded by Eikerenkotter the application was denied.

The application of Harry S. Hallett for a liquor license to do business at Portola was taken up and discussed at length. A petition from Mrs. Martha E. AHallidie, protesting agansit the granting of the license was read. Also a liberally signed petition by the residents of Portola was presented asking that the application be granted. MacBain explained that Mrs. Hallidie's relative conducted a saloon at the same place some time ago. He had spoken to many residents of Portola and all were unanimously in favor of Mr. Hallett conducting a saloon at that place. He was highly recommended as a man who would conduct a peaceable and respectable resort. On motion of MacBain seconded by Eikerenkotter the application was granted.

The application of Stephen A Parr for a liquor license was ordered returned for newbondsmen.

The application of Thos. H Burns was allowed to be withdrawn.

The permit, which runs for a year was granted, Mr. MacBain notifying the applicant that his permit was revocable at the will of the board, and would be revoked immediately if any disturbance occurred.

To the Honorable, the Board of Supervisors of San Mateo County. I herewith submit my regular monthly report. The health of the county has been fairly good. Several scarlet fever cases have been reported on the coastside and quarantined. I have issued 578 burial permits for which I have collected $578, and three disinterment permits for which I have collected $30, making a total of $608 turned over to the county treasurer as per auditors receipt attached. Yours respectfully, D. B. Plymire.

This report was accompanied by the following letter:

To the Honorable, the Board of Supervisors of San Mateo County. Gentlemen: Since the origin of the Bubonic Plague in San Francisco I have been watchful of conditions and find some 30 cases buried in this county in zinc lined boxes, which I have insisted upon containing at least one barrel of lime, also that they be buried in a seperate part of the cemetery to prevent the possibility of contamination by disinterment of other bodies

Sources of infection are by contact, by flea bites, and through infected rats which congregate and breed in rubbish, and feed on swill, etc., therefore rubbish should not be permitted to be brought into the county. There have been numerous shacks erected near the approach of this county from San Francisco which will have to be watched as a great many refugees dwell in them. This disease has not been confined to any particular locality in San Francisco.

The Longer Lasting Washer

You will keep your youth longer, LAST LONGER, if you turn your washday troubles over to this light-running **HORTON** Washer. It will straighten the bent back and drooping shoulders, rest tired arms and limbs, smooth out the WORRIES of washday that are going to make you old before your time if you stick to old-fashioned machines or methods.

This **HORTON** Galvanized Rotary Washer is a new kind of washer. It is geared up to run at double speed while you TURN slowly. It will do a heavy washing quickly, with easy work at the wheel, and wash ALL the dirt out of the clothes, for the hot suds are forced through the fabric at high pressure. It is light and easy to handle, to get in or out doors, up and down cellar stairs. The galvanized metal tub is light in weight but stronger than any wooden tub. It cannot leak or "fall down," and always keeps sweet, because it can not absorb water.

For your own sake, you should at least have a look at this machine and see what modern science has done to lighten your household labor. Just drop into a good store and ask them to show you the
